

MAXUS

By CAMPBELL HAUSFELD

OIL FREE NAILER COMPRESSORS

This range of 'super light weight' high pressure air compressors has been designed specifically for use with nail guns and similar products in the professional contractor market.

Until now it has been necessary to use a large 50L belt driven unit in order to obtain the higher pressures that are needed for use with nailers.

The Maxus range provides high pressure with the added advantage of portability.

These units provide the constant high pressure required to bury even long nails into timber frames. They only require standard domestic power supply (240V 10amp) and offer a 5 year limited warranty for complete peace of mind.

All units feature easy to read gauges, and low maintenance oil-free pumps.

The CHWX1001 features a very quiet 1/2HP induction motor, a maximum pressure of 8.6 bar, is light weight, very portable and is ideal for use with brad and fixing nailers.

The CHWX801700DI has the more powerful 1.1HP induction motor, a maximum pressure of 9.3bar, is also light weight with aircraft aluminium alloy twin tanks and is capable of running 1 x framing nailer or 2 x finishing nailers continuously and can be powered by a 2.4KVA generator. Indexing regulator with precise stepped control.

The CHWX8019 has a larger 15 litre tank, a more powerful 1.8HP induction motor, is still only 25kg and is capable of operating two framing guns continuously. The low profile design allows transportation in most utilities, even those with hard covers. Indexing regulator with precise stepped control.

0.5HP 4L OIL FREE

- Single air outlet (“nitto type” couplers)
- Indexing pressure regulator for precise control
- Ideal for brad & fixing nailers

CHWX1001	
Item Code	501221
Motor HP	0.5
Tank Size	4
Input Voltage	240
Fuse Rating Amps	10
No. Cylinders	1
No. Stages	1
Noise Rating (dBA)	83
Max Pressure Bar	8.6 (125psi)
Packed Dim (HxWxL) cm	38x32x33
Weight Kg	8.6

1HP 9.5L X-LITE OIL FREE

- Dual air outlets (“nitto type” couplers)
- Indexing pressure regulator for precise control
- Aircraft aluminium alloy twin tanks
- Will operate one framing nail gun or two fixing nail guns continually

CHWX801700DI	
Item Code	501222
Motor HP	1.1
Tank Size	9.5
Input Voltage	240
Fuse Rating Amps	10
No. Cylinders	1
No. Stages	1
Noise Rating (dBA)	85
Max Pressure Bar	9.3 (135psi)
Packed Dim (HxWxL) cm	43x54x44
Weight Kg	13.6

1.8HP 15L X-LITE OIL FREE

- Dual air outlets (“nitto type” couplers)
- Indexing pressure regulator for precise control
- Aircraft aluminium alloy twin tanks
- Will operate two framing nail guns continually

CHWX8019	
Item Code	501223
Motor HP	1.8
Tank Size	15
Input Voltage	240
Fuse Rating Amps	10
No. Cylinders	1
No. Stages	1
Noise Rating (dBA)	85
Max Pressure Bar	10.3 (150psi)
Packed Dim (HxWxL) cm	50x47x56
Weight Kg	25
