

PRODUCT DETAILS

Powered by a reliable Yanmar diesel engine, this dependable Firefighting Pump pairs heavy-duty performance with lightweight cast-aluminium construction. It excels in firefighting and general water-handling tasks - transfer, wash-down, and irrigation - while diesel power provides greater efficiency, long service life and safer operation than petrol powered alternatives.

High quality Australian manufacturing and great performance make the MYD15HPE an excellent choice.

APPLICATIONS

- Fire Fighting
- Water Transfer
- Wash down
- Irrigation

FEATURES

- High quality Yanmar diesel engine
- Heavy duty, single-impeller wet-end
- Pump housing, fittings and impeller made from durable cast-aluminium
- Diesel power offers greater efficiency and is safer due to lower fuel volatility.

POWERED BY
YANMAR

TECHNICAL DATA

ENGINE	Yanmar L70N
STARTING SYSTEM	Recoil / Electric
FUEL TYPE	Diesel
FUEL TANK CAPACITY	3.3 L
SUCTION INLET SIZE	1.5" BSPM
DISCHARGE PORT SIZE	2 x 1" & 1 x 1.5" BSPM
SELF PRIMING	Yes
MAX HEAD	60m
MAX FLOW	640 l/min
DIMENSIONS	760 x 515 x 550 mm
DRY WEIGHT	70 kg
