Powerful water pumps designed to move more water, more efficiently. With large flow and great pumping capacity the PondMate 2.0 Waterfall Pumps are ideal for ponds, waterfalls, streams and general water circulation.

- Large pre-filter cover results in longer operating life
- Great flow capacity
- 10m cable supplied as standard
- Suitable for salt water applications
- Anti-corrosive and wear-resistant ceramic shaft ensures long life
- More powerful and energy-efficient magnetic rotor
- Thermal overload protection
