COAST's new versatile, tough, and compact emergency area torch

The EAL13 is the compact, feature-rich portable torch that is made for emergency situations both at home or on the go. The torch has a 330 lumen output on high and will run for 120 hours on low.

The EAL13 is rated IPX4 storm proof and built for any situation, with a tough, drop-proof nylon body and polycarbonate dome and globe construction.

Users can remove the globe to allow for higher lumen output – and with carabiners on the top and bottom, the lantern can be hung to provide overhead lighting.

The EAL13 features magnets on the underside of the lantern to affix to metal surfaces, as well.

Globe (Alk)	High	Medium	Low
Lumens	330	180	20
Beam Distance	11m	8m	3m
Runtime	4h 45mins	13h	120h

Diffuser (Alk)	High	Medium	Low
Lumens	180	100	10
Beam Distance	10m	7m	2m
